ok great. Andrew answered me back with the below info...Merwin (or one of our people) will go around with the exterminator to let him in...so don't worry if you are not home...They will start around 10:45am... [REDACTED], [REDACTED], please advise if you would like your apartments done as well. [REDACTED], I know you had yours done recently! thanks

Cesar goes with the exterminator to each apt. I can have him contact Merwin Wednesday morning around 1030 and they can do the Epstein Pats first. All chemical they use are both pet and kid friendly. The occupants don't need to vacate. Let me know if you have any other questions.

Thanks. Andrew.

Hi Lesley,  
I would like to have mine sprayed as well please. Merwin, do you know if it is dangerous for cats, just wonder if I need to move them while the apartment is being sprayed?  
FYI: just came in to 3M to bring [REDACTED] few things and saw baby roaches in the bathroom and bedroom...
