**Subject:** Stables Feed and Supplies

Dear Ms Maxwell,

As mentioned we have been looking into the expenditure at the Stables. It as become evident that we can cut supply cost, time/travel and vehicle use just by sourcing locally. At present the supplier is located on the west side of ABQ, approx 120 miles round trip, travel/loading approx 4 hours. We have contacted companies within the area and the cost difference is minimal and with the possibility of free delivery.

Our goal would be to fax the required supplies to the selected company, have supplies delivered once a month. Either B or K would check off supplies verses stock in hand, so that we can get a clear picture of the situation.

We would like to action this ASAP

Regards  
Brice & Karen
