Subject: Re:

Docks will get back on track once we submit the drawings Ryan is working on, the LSJ dock permit, revised EAR requesting keeping temporary barge ramp with promise to remove with permit. I am planning on going over to GSJ Tuesday and plant a few mangroves and take pictures of the pipes that were going to be placed under the roadway for water flow, We should have all that in by Friday next week. Then Jonathan will re-initiate the process.

Revised cable EAR is being submitted on Wednesday next week. We're leaving your cable in pending resolution of non compliance since remediation is in progress.
