Definitely, for an intelligent perspective. Seems like Larry is prioritizi=g, so you're good. He won't understand Bitcoin in depth, but will have so=e smart outside general/econ/bank thoughts.

=0A=ould it make sense for me to meet with Larry Summers to get his thoughts o= BitCoin? I'd actually like some of his thoughts on the record for my book=if possible. Do you think he'd be interested in meeting? Would either of y=u guys want to join the meeting or be willing to make the introduction? I =hink I'd bring Jeremy Rubin my BitCoin Project head to the meeting and may=e Jeff Howe, my co-author as a scribe.
