Greetings =ory,

The beach =leaner sailed! We should have it on site next week. If week =f 9/18 is still looking good for you, start looking for reservations =nd I will coordinate the accommodations and transportation on my =nd.

Let's =lso review the weather before you purchase the ticket :)

Kind regards, =aphne

Greetings Cory,

Your bid of \$2,500 to come to St. Thomas for one day of training is approved. We will take care of your accommodations and transport to and from the airport, island and the accommodations.

The change order of \$450 for the hotshot equipment rental or delivery of the beach cleaner to FL is also approved.

Thank you and kind regards, Daphne

Rich and Daphne

After searching for tickets, I feel that I can come to St. Thomas for a day of training for \$2500. This will cover my time, as well as airfare to St. Thomas. For that, you will get operator training, as well as preventative maintenance training.

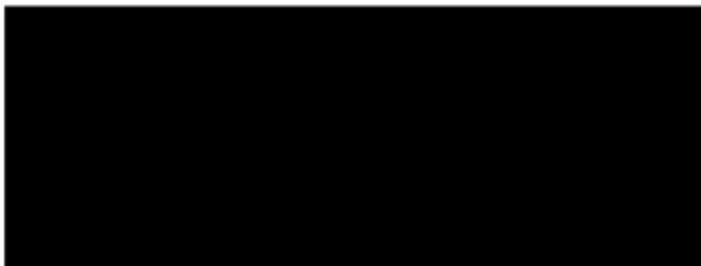

Along with that, the freight adjustment is + \$450 due to the trailer needed to accommodate the receiving location in Riviera Beach FL.

Thank you!

Cory Struble
