Hi Mike

Here is a prelimi=ary estimate. I realize it's a lot of money, especially when Mr E =pent that much, if not more already.

This system will have 6 - 15 kW Ma=ine grade inverters, all with internet monitoring capabilities and the opt=on to change settings without being on site

The batteries are Simpliphi=48 Volt, Lithium Ferro Phosphate batteries, 100% maintenance free and carr= a 10 year warranty with guaranteed 10,000 cycles

They are made by Lib=erty Batteries from CA, they have been in business for over 20 years

Plus the system that has been installed is not balanced...=.the solar size is not balanced to the batteries nor are the inverters bal=nced to the solar or the batteries. It's like they just threw what=they could at this. Are there any line diagrams of the current system ?

If you or Mr E would like to discuss this, please let me know

B=st regards

Dan Boyd
